

INVITATION FOR BIDS NO. 2-2018

Harbor Woods Traffic Calming

ADDENDUM #1

1. Scope of Work: The scope of work includes the removal and replacement of three speed humps on Nabors Drive with all associated striping and signage in accordance with the details on the plans. In addition, the scope includes the installation of three new speed humps, two on Regatta Road and one on Burnett Drive with all associated striping and signage in accordance with the details on the plans. The base scope includes one three-way stop intersection at Birchdale and Ravenswood to include all signage and pavement markings as shown on the details.
2. Add Alternate No. 1 is for the inclusion of two three-way intersections, one on Stillwater Drive at its intersection with Stillwater Court and one on Foxcroft at its intersection with Ravenswood Drive. Add alternate 1 also includes one four-way intersection at the intersection of Ravenswood and Foxcroft.
3. Deductive alternate No. 1 is to alter the existing speed humps on Nabors Drive to meet the design details as opposed to the initial removal. Care shall be taken to provide a full tack coat on the existing humps before adding asphalt to meet the rise per the details. The remainder of the work on the hump shall be in accordance with the details.
4. Deductive Alternate No. 2 is to exclude performance and payment bonds. The contractor will be required to provide a check in the amount of the bond as specified for the Town to hold. The check will be returned to the contractor once the work is satisfactorily complete.
