

The Town gathered input using the "dotmocracy" method. We went around the room and asked everyone to give us their suggestions. We wrote down everyone's suggestions, and then gave everyone color-coded dots. The various dots had points assigned to them, and so depending on how strongly someone felt about a particular suggestion, they gave it the appropriate "dot". Below is an overview of how the suggestions ranked, the highest being the most favored.

Suggestions	Dots Received					ranking
special events stage	4	3				32
marsh left alone	4	2			2	30
canoe and kayak launch	3	1	2	1	3	30
nature trails	1	4	1	1		26
picnic shelter	3	2		1		25
minimum invasive		2	4	1	2	24
no lights at night	2	1	2	1	1	23
true passive park	1	2	2	1	1	22
vegetative buffer	1		1	4	2	18
sheriff's substation	1	1	2		1	16
close gate at night	3					15
respect nature	1		2	1		13
