This Request for Proposal (RFP) is a written solicitation to provide supplies, services, information technology, or construction which is anticipated will result in the award of the contract to the responsible offeror. This RFP does not commit the Town of James Island to award a contract, to pay any cost incurred in the preparation of bids submitted, or to procure or contract for the services. The Town reserves the right to accept or reject any, all or any part of bids received as a result of this request, or to cancel in part or in its entirety this RFP if it will serve the best interests of the Town to do so. The Town will be the sole judge as to whether bids submitted meet all requirements contained in this solicitation.

**SECTION I. – INTRODUCTION AND BACKGROUND**

This Request for Proposal (RFP) solicitation is issued for the Town of James Island to obtain adequate information from interested firms and individuals with the qualifications necessary to provide on-call or emergency drainage ditch and culvert cleanouts, vegetation maintenance or removal from drainage easements, and minor driveway apron repairs; all with the aim of addressing stormwater issues affecting residents of the Town of James Island. The Town desires to select and negotiate an acceptable contract with such a firm or individual to perform the activities found in **SECTION IV. – SCOPE OF SERVICES**. It is the intent of the Town that this RFP will serve as the basis for negotiations of a contract on an annual basis and the Town may renew the contract for an additional three (3) years for a total of four (4) years.

The Town of James Island reserves the right, and has a duty, to hire the most qualified provider that would serve the best interests of the Town regarding the Scope of Services requested. This may result in the Town contracting with any firm or individual that responds to this RFP that, in the sole determination of the Town Council of the Town of James Island, is qualified to complete the job, regardless of the bid price. The Town may also disqualify bidders and/or cancel, rebid, or extend the RFP or bid review process pursuant to Town of James Island and State of South Carolina procurement laws.

The Mayor, Town Council, Town Administrator, and Town Staff may be involved in the evaluation of all proposals and will use criteria including, but not limited to, cost, experience, availability, capacity, references, knowledge of James Island, etc.

The relevant sections of the James Island Code of Ordinances, including, but not limited to, Section 32.05 – Award to Other than Low Bidder, will be followed. Additionally, relevant South Carolina legislation, including, but not limited to, Section 11-35-410 – Public access to procurement information and Section 11-35-4210 apply to this solicitation.

Prior to awarding a Contract, the Town Council or Town Administrator may require other additional information to determine the Respondent's ability to complete the terms of the Contract. Failure to provide this information in a timely manner, may result in the Town rejecting the Proposal and finding the Respondent non-responsive.

Respondents are responsible for examining all solicitation documents, including any Addenda. Any discrepancies in documents should be immediately provided to the Town Administrator for clarification. Any questions must be supplied in writing to the Town Administrator and provide the Town with sufficient time for an appropriate response to all potential respondents. The Town will determine if time is sufficient to issue any Addenda.

If a pre-bid conference is required, oral questions may be submitted at the conference. Instructions for any pre-bid conference will be included in the solicitation documents.
